A Guide to Your CTPL “My Account”

> For Employers
What is My Account?

Once you have registered your business, “My Account” can be used to view and edit the information you have submitted on the CTPL website.

The “My Account” pages provide detail on your contact information as well as details related to your registered business(es), which can be updated accordingly.

You can process payments through the virtual terminal.

You can review your submitted inquiries and their statuses. Resource links are also provided for your reference.

You can also link businesses together if needed - a tax accountant to an employer or vice versa.
My Account drop-down menu options

1. **My Account** – access information regarding your account with CTPL, including payment history, contacts, resources, etc. **It DOES NOT include information about your claims.**
2. **User Settings** – link to your profile on ct.gov.
3. **Contact Support** – link to the Contact Us form found on the website.
4. **FAQs** – link to the Frequently Asked Questions found on the website.

The business page has five main sections:

- **Account Info**

- **Inquiries**
- **Private Plan**
- **Payment Methods**

The following pages will highlight the tabs listed above, as well as:

In the Filing History box, click File + Pay to enter the payment terminal and process a payment. More information on that process can be found in the Employer Payment Guide.

Once you have submitted the payment, click on the hyperlinked invoice that appears at the top of the Filing History box (you may have to click Refresh to refresh the page in order to see the new invoice).

When the new user creates credentials when first signing into ctpaidleave.org, they must use the same first name, last name, and email address, or else the system will not recognize that they are the same user that you added. You can add new users that already have existing credentials with CTPL, as long as you use the same first name, last name, and email address that they used to register.
